EXPLORE SSI AT WORK

The replacement of the electric service entrance transformer at the Pensacola Courthouse took place on the evening of April 4. Florida Power & Light handled the work, but we had to coordinate closely with the tenants and the GSA. Our responsibilities included overseeing an orderly power shutdown, ensuring the generator startup, and managing the restoration of street power, all while conducting final safety observations.

Transformer Replacements at Pensacola Courthouse

We Are Quick To Help!

A tree fell on the airfield one Friday afternoon and our team was there to assist!

“ Thank you for expediting this work order. The guys did great in the conditions out there to remove what they could. I appreciate the help.
 -Gerry
 Airfield Manager
 Niagara Falls ARS

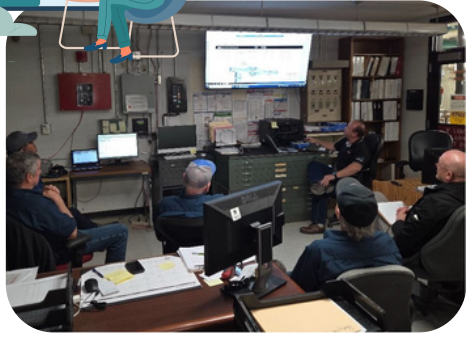

Our Award Winning Team!

Employee Spotlight: Mike Hudson

At SSI, we often talk about the strength of our team, and today, we have the distinct honor of celebrating a true cornerstone of our company: Mike Hudson! Imagine a career spanning over three decades – that’s the incredible legacy Mike has built since first joining SSI in 1989. Not only does he hold the distinction of being our longest-tenured employee, but Mike has also consistently proven himself to be one of the most dedicated and invaluable individuals to ever contribute to SSI’s success.

What makes Mike so exceptional? It’s his remarkable blend of quiet strength and exceptional communication. He approaches every challenge with a humble attitude, yet his ability to connect and collaborate has been a driving force behind countless successful projects. For years, as our Alabama Project Manager, Mike’s meticulous approach and clear communication ensured smooth operations and positive outcomes, laying the groundwork for his continued growth.

In 2016, Mike’s leadership potential shone even brighter as he embraced the dual role of Boss Manager, guiding and mentoring his teams with his characteristic clarity and support. His natural ability to lead and inspire propelled him further in 2021, when he stepped up as Regional Operations Manager. In this role, Mike’s strategic vision and operational expertise allowed him to excel, achieving remarkable results.

His impact was so significant that just a year later, in 2022, Mike was appointed Director of Operations, a testament to his consistent high performance and dedication. And his journey of growth didn’t stop there! In 2023, Mike reached the esteemed position of VP of Operations, a role he has now expertly navigated for nearly two years.

As our VP of Operations, Mike is the linchpin connecting numerous critical aspects of our organization. He skillfully oversees on-site operations, acts as a vital conduit for communication between our teams and government partners, and expertly manages crucial relationships with our subcontractors. His contributions are far-reaching and essential to our continued success.

For 36 incredible years, Mike Hudson has poured his time, talent, and brilliance into making SSI the exceptional company it is today. His unwavering commitment serves as an inspiration to us all.

Mike, from all of us at SSI, thank you. Thank you for your enduring dedication, your exceptional leadership, and the profound impact you’ve had on our company. We are truly honored to have you as part of the SSI family.
